The Department of Urology at the UW School of Medicine and Public Health has been ranked in the top 25 in the nation for three years running, according to U.S. News and World Report. The leading program offers comprehensive multidisciplinary urologic care in conjunction with innovative research and teaching. Urologists at UW Health perform thousands of complex and unique procedures each year, but we measure our success one patient at a time. Our department has a dedicated and experienced team working to ensure the best possible patient-centered care every day while remaining focused on identifying new treatments and cures for current and future generations.

For immediate assistance, please call the Access Center at (608) 263-6796 or (800) 472-0111. In addition, we offer direct telephone and electronic access to providers for patient consultation.

- Patient appointment numbers are listed inside this guide.
- An up-to-date listing of our faculty, including their bios and specialties, can be found at uwhealth.org/urology.
- Our Provider Quick Reference Tool for Smart Phones is available for referring providers.
